Sorry, there's s glitch so riverclan and shadowclan are on the top. I just took the allegiance from Mapleshade's vegance so yeah... Also cover ain't mine. anyways enjoy~ :)

Chapter 1

"Very well" Darkstar meowed at last. "These kits are inncent and they will become Riverclan warriors"

"But if they or you show any loyalties left for Thunderclan you will be exiled." Darkstar contined. "But for now settle in the Nursery and the apprentices should get you something"

Mapleshade dipped her head to Darkstar and left for the nursery.

"I don't like this place" Latchkit meowed to Mapleshade

"Yeah! it's muddy" Petalkit grumbled.

" it'll be better in the nursery" Mapleshade reassured them guiding the kits with her tail.

It's short I know It's just my second story and Mapleshade is my fav character so yeah...

BTW this story is gonna be short

Chapter 2

10 moons later~

"Riverclan attack!" Darkstar yowled as the sleek-pelt warriors leaped out of the water. The riverclan warriors were soon met by the Thunderclan warriors and the sunningrocks explode in a fury of claws and teeth.

Mapleshade growled as she leaped on a ginger tom she winced as he scraped her belly. Mapleshade sinked her teeth into the tom's pelt and he yowled and ran away.

Mapleshade smirked and looked around for her kits when she found Patchpaw and Latchpaw corned by a golden she-cat.

"Frecklewish" Mapleshade snarled as she leaped on the Thunderclan she-cat. Frecklewish grinned as she dodged Mapleshade's attack.

"Finally coming to save your half-clan kits?" Frecklewish taunted as Mapleshade contined to snarl at her.

"Well watch this!" Frecklewish suddenly turned and pounced on Latchpaw killing him with a single bite.

"Latchpaw!" Mapleshade yowled with grief and turned on Frecklewish with her eyes blazing.

"Now you know how it felt to me when you brought those half-blood in the camp" Frecklewish purred. "You're lucky I didn't kill both of them" Frecklewish contined with a glance at Patchpaw.

Suddenly Frecklewish fell to the ground knocked over by...

Appledusk! Appledusk clawed Freckwish

"How dared you kill my kit!"

"Well you killed my brother!"

Mapleshade looked at Latchpaw one more time and pounced on Frecklewish using the same killing bite that she used on Latchpaw.

"Thunderclan retreat!" Oakstar yowled as he grabbed his dead daughter by her scruff as the big tom hurried out of sunningrocks.

Chapter 3

Grief overwhelmed Mapleshade 'till she can barely breath she just can't belive it! After so much trouble getting out of Thunderclan they were killed by Freckwish.

Mapleshade clawed the rocks beneath her, she's soooo glad she killed that lump of fur, mouse-brain, fox-heart, squirrel-chaser, minnow-brain, frog-breath...

Mapleshade gave in and fell on the rocks next to Latchpaw and fell asleep.

Mapleshade woke up in the medicine den a fat carp layed next to her. Mapleshade got out of her nest hoping that Latchpaw was still alive and that the battle is just a dream.

Mapleshade padded out into the clearing and found cats... celebrating! Mapleshade started at her clanmates.

"How can you celebrate?" Mapleshade explained "Latchpaw died!"

Appledusk padded up to her " We still got sunningrocks" their pelts brushed but Mapleshade stepped away giving a quick glance at Reedshine.

Mapleshade gave her focus to her kits who were sitting next to Shypaw and Applepaw, Reedshine and Appledusk's kits.

" Do you not miss Latchpaw?" She asked them furiously.

" We do" Petalpaw meowed "but what can we do? He's in starclan already"

Patchpaw nodded " We'll miss him but he will forever be in our

hearts"

Mapleshade started at her kits in disgust and stalked into the warriors den.

Chapter 4

Darkstar padded out into the clearing. "What's all the noise about?" she asked her deupty Spiketail.

Spiketail glanced at the warrior's den before telling Darkstar about the whole situation. Darkstar nodded as she leaped on the great rock and yowled for a clan meeting.

"Today is a tragic day" Darkstar began as cats began to gather. " one of our apprentice Latchpaw sadly died to the paws of a Thunderclan warrior"

"But," Darkstar contined " we won sunningrocks and I have found two apprentices worthy to become warriors"

At that Petalpaw and Patchpaw started at each other their whiskers quivering with excitment.

"I, Darkstar of Riverclan call my warrior ancestors to look down on these apprentices. They have trained hard to understand the ways of your noble code, and I commend them to you as a warrior in their turn."

"Patchpaw, do you promise to follow the warrior code and defend your clan with the cost of your life?"

"I do" Patchpaw said confidently

"Then by the power of Starclan I give you your warrior name Patchpaw, from now on you should be known as Patchspot, Thunderclan welcomes you as a full warrior."

"Patchspot, Patchspot, Patchspot!" the clan cheered.

Mapleshade padded out of the warrior den her eyes glisting with grief as she sat down near the den and watched her remaining kits turned into warriors.

"Both of you will stay in the camp for a normal vigil for your fallen brother" Darkstar meowed as the cheering died down "That will count as your warrior vigil"

"Darkstar" Mapleshade suddenly meowed as she padded out of the shade of the warrior den. "Latchpaw also deserve a warrior name along with his littermates"

Darkstar nodded " Latchpaw shall be known as Latchclaw for his bravery"

Mapleshade bowed her head "That's a beautiful name, thank you Darkstar"

Chapter 5

Mapleshade yawned as she padded into the warrior's den. It was the morning after Latchclaw's vigil. Mapleshade smiled sadly as she remember the vigil, she sat next to Latchclaw's former mentor Splashfoot and he was telling her stories that she never heard about Latchclaw.

Mapleshade climbed slowly into her nest and wrapped her tail on her nose and fell asleep.

"Wake up" Mapleshade twiched her ears. She haven't even slept for long. Mapleshade lifted her head and found Splashfoot standing over her with a loving and some pity look.

"Dawn patrol" he meowed softly "Darkstar's orders"

Splashfoot turned around flicking his tail at her " Patchspot and Petalstorm are coming too, Darkstar think that we should go on dawn patrol because we will fight the hardest if we see Thunderclan cats"

Splashfoot stepped out of the den " for Latchclaw" he meowed sadly as he left the den.

Mapleshade sniffed the trees that surrounded the sunningrocks nad found the scent of mice under one of the bushes.

" I smell a mouse" Mapleshade called out to the rest of the patrol.

"Mouse ain't the best but we can be picky in leaf-bare" Splashfoot replied with a shrug.

"Well, go on" Mapleshade snapped "we don't need four cats on one mouse"

Splashfoot nodded and padded after Petalstorm and Patchspot to

mark the borders. Mapleshade could see the gray lump of fur under the bush now. She twiched her whiskers with amusment, with all the noise she and Splashfoot were making she thought the mouse would surly be gone now.

Mapleshade stalked forward as a new scent hit her nose... death and thunderclan..

Immediantly Mapleshade's hackles raised but she was too late. Fur flashed between her eyes and she found herself pinned on the rocks.

"Oakstar" Mapleshade growled as she regonized the Thunderclan leader.

"Hello, Mapleshade" Oakstar snarled "contined your life as a traiter I see"

"You threw my kits out when they were barley 2 moons old" Mapleshade explained.

"Well that mate of yours killed my son and you just killed my daughter yesterday" Oakstar howled with rage "whatever, I will make your death nice and quick"

Before Mapleshade could defend herself Splashfoot rushed forward and killed Oakstar with one neat blow.

"That was his last life?" Mapleshade asked mistfied "Oakstar's dead!" she said more excitely now"That's great news although I would loved to kill him myself'

There converstation was intterupt when Petalstorm and Patchspot apeared rushing towards them.

"Are you ok?" Petalstorm asked " Splashfoot said he heared yowling"

"Great starclan" Patchspot meowed "Is that Oakstar?"

"Yes my kits" Mapleshade meowed lovingly "that fox-heart is finaly dead, I will explain everything back at camp Darkstar will wanna know about this"

Chapter 6

Mapleshade purred with amusment as Splashfoot started to tell her about a Shadowclan kit who strayed into Riverclan territory.

It's been three moons since Petalstorm and Patchspot becme warriors, three moons since Latchclaw died... Shypaw and Applepaw were taking their final assesments and newleaf was arriving. Mapleshade had gotten closer to Splashfoot and everyone in the clan know that Perchbird is pading after Petalstorm.

Mapleshade shared a cod with Splashfoot "there isn't any kits in the nursery and no she-cats are getting pregant anytime soon" Mapleshade meowed as she finished the rest of the cod.

"Yeah," Splashfoot replied as he licked the bones clean "Never seen so less young cats during newleaf"

"stop acting like your so old" Mapleshade purred with amusment bating Splashfoot's ears playfully.

"OK,OK great starclan, you get angry fast" Splashfoot mummbled dodging Maplshade's attacks.

"mouse-brain" she grumbled as she started for the warrior's den " I mean, fish-brain" she mutterted clearly embrrased for using the Thunderclan term.

"It's fine Splashfoot mewoed as he touched Mapleshade's ear with his nose "It's just a word"

---

one night later~

"Applefrost! Shyheart! Applefrost! Shyheart!" the clan cheered as the apprentices became warriors.

Mapleshade stared at them she feel proud of these apprentices but coudn't cheer for them knowing that their father was her former mate. Maplshade sat down she coudn't judge them because of their parents but coudn't help it.

"Mapleshade" Mapleshade turned around finding a perfectly groomed Splashfoot looking at her nervously "can I talk to you outside?"

Mapleshade nodded and followed Splashfoot out of the camp. "I have been wanting to ask you for a while, Mapleshade..." Splashfoot took a deep breath "after I started training Latchclaw I started to have a wierd feeling for you, but not in a bad way of course" Splashfoot meowed quickly "get to the point" Mapleshade snapped impationly " the new warriors will be here soon"

Splashfoot took a deep breath " Mapleshade, will you be my mate?"

.

Chapter 7

Mapleshade layed in the warrior den she coun't belive what Splashfoot asked her. She coundn't even tell what she was feeling. Mapleshade coundn't help but feel happy and excited but what if Splashfoot ditch her? Maplshade sat up, she coundn't sleep like this she got up and walked outside the camp.

Mapleshad walked along the shore looking into the Thunderclan territory wondering what the Thunderclan cats were doing right now before she noticed a cat scent.

Mapleshade unsheathed her claws until she relized that it was a Riverclan cat scent "Who is it?" Mapleshade growled as she saw a cat pad closer to her.

"Mother?" asked a familiar voice.

"Patchspot?" Mapleshade meowed to her kit "what in the name of Starclan are you doing here?"

"Just taking a walk" Patchspot said clearly embrrased of something.

"Thunderclan" Mapleshade meowed tensing as she smell the scent

"It's probly just the scent markers" Patchspot reassured her "the wind is blowing towards us from the border"

Mapleshade nodded and sat down looking at the peaceful river.

"So why are you here?"

Mapleshade looked at her reflection not knowing what to answer

"It's Splashfoot insn't it?"

Mapleshade looked at her kit "how did you know"

"It's quite obivous" Patchspot replied with a shrug "the whole clan knows"

"about what?" Mapleshade asked nervously standing up now

"It's obivous that you guys are gonna be together" Patchspot meowed looking at the sunningrocks in the distance. He contined before Mapleshade could protest "It's a good thing for the clans you know, we need more kits"

Patchspot stood up "I know Splashfoot makes you happy and you deserve to be happy after what happend"

Mapleshade looked away, she could almost imagine Appledusk and Reedshine sharing toungues.

"I know you're scared" Patchspot meowed softly "but I promise that if he ditch I will line his fur on my nest"

Mapleshade purred with amusment and smiled at Patchspot "Thank you Patchspot, I know what to do now"

Chapter 8

It's been a couple moons since Splashfoot asked her to be his mate. A moon since Patchspot left Riverclan...

Mapleshade looked at her kits, her second litter a tom and a she-cat who she named Pebblekit and Rainkit both names relates to Riverclan to remind them of their loyalty even though they are half-clan.

Mapleshade turned as she heard rustling at the entrace of the nursery. Her daughter Petalstorm padded over to her with a trout in her mouth.

Mapleshade nodded her thanks and was about to eat the fish when Petalstorm spoke.

"Mother, can we talk?"

"Sure honey 'bout what?"

"kits" Petalstorm mummbled softly.

"Pebblekit and Rainkit will make fine warrios" Mapleshade declared wondering what Petalstorm might be suggesting.

"No, not about them" Petalstorm replied hurrily "It's about..."

"about who?" Mapleshade asked

Petalstorm looked away for a momment before meowing "I'm pregnant"

"That's great!" Mapleshade exclamied "with Perchbird right? We must get you a nest in the nusey immediantly"

"Mom, come down" Petalstorm reassured Mapleshade "the kits are sitrring."

Mapleshade looked down at Pebblekit and Rainkit next to her belly, indeed they were waking up.

Mapleshade licked Petalstorm "do Perchbird know yet?" she asked her daughter softly.

"Yes" Petalstorm smiled "he was so happy"

"well so are my"
